

**Range:** PRESTO CHEF - Professionnal Kitchen range

**Ref:** 70800 - Deck-mounted mixer – upward spout

## > THE PRODUCT BENEFITS

- Resistant to intensive use
- Reinforced body / spout interface with double sliding bearings: no play and high endurance
- Robust spout: 22 mm in diameter
- Ergonomic and robust control: easy grip
- Robust mixing handle - possibility to install it laterally (installation flexibility)
- Hygiene: spout with smooth interior
- Product design
- Ease of cleaning
- High spout to let large containers pass
- Ease of maintenance: availability of all spare parts
- Flow straightener to channel water and avoid lateral water splashes

## > TECHNICAL SPECIFICATIONS

### > Model:

- Single-lever deck-mounted mixer with spout above
- 360° swivel spout, 250 mm projection, height under spout 276 mm, diameter 22 mm. Spout thickness: 1.5 mm.
- Ceramic cartridge
- Interchangeable anti-tartar flow straightener

### > Recommended working pressure:

- 1 to 5 bars

### > Flow rate:

- 25L / min at 38°C at 3 bar

### > Hydraulic supply:

- G 1/2 " (15x 21)

### > Material and color of finish:

- Chromed brass body and spout
- Material compliant with the "UBA" list

### > Thermal resistance :

- Withstands a temperature of 75 °C for 30 minutes (as part of thermal shock).

### > Delivered with :

- 1 fixing bracket
- 2 PEX flexible hoses with stainless steel braided nut G1 / 2 " Lg 660 mm with non-return valves NF
- 2 filters

### > Option:

- Possibility of adding an extension sold separately, facilitating the passage of large containers

### > Standards and approvals:

- Chromed brass body compliant with standards NF EN1982 / NF EN 12164 / NF EN 12165
- Nickel-Chrome surface treatment according to NF EN12540
- Resistance to neutral salt spray (NSS): 200 h according to NF ISO 9227
