

Range: Santé Standard

Ref: 75070 - SINK MIXER TAP WITH EXTRACTABLE HAND SPRAY STD LEVER

Benefits of the products

- Solid handle: easy cleaning.
- Retractable shower for easy cleaning, 2-spray with anti-scaling spikes
- Comfortable height to spout and projection
- Ceramic cartridge: temperature limiter with 7 adjustment positions, double flow rate (hard point at 50% opening).
- Flow rate between 4 and 6 L/min at 3 bar – in accordance with the French norm standard "Medical"; possible flow modification, in case of disassembly of the limiters, by adjusting screw between 4 and 20 L / min.
- Water savings, safe use, and controlled water consumption.

Model

- Single-hole deck-mounted sink mixer
- Solid handle
- Without drain
- Swivel spout with pull-out hand shower featuring multiple spray modes (rain and aerated) and a sliding hose
- Spout height: 132 mm
- Projection: 209 mm
- Multifunction ceramic cartridge (Ø 40): temperature limiter with 7 adjustment positions, dual flow rate (hard stop at 50% opening)
- M24 X1 star-shaped jet-breaker

Flow Rate

- Flow rate between 4 and 6 L/min at 3 bar – compliant with the NF "Medical Environment" standard
- Flow rate can be adjusted—if the limiters are removed—using an adjustment screw to set it between 4 and 20 L/min.

Recommended pressure

- 3 bar – avoid pressure differences greater than 1 bar between the hot water supply and the cold water supply
- Minimum pressure: 1 bar.
- Maximum pressure: 5 bar

Material

- Body, spout, and control mechanism made of polished chrome-plated brass

Connections

- Hoses with M10X1 stainless steel braided SPEX sheath, G3/8 cage nut, length 350 mm. Strainer filters mounted on the hoses to minimize clogging.
- Mounting reinforced with an M8 rod

Warranty

- 10-year warranty against any manufacturing defects.
